HELEN WILLS PLANS

NOW STUDYING ART, BUT
WILL PLAY AGAIN

Despite the fact she has aban-
doned tournament tennis for the
remainder of this year to devote
herself to art studies, America need
have no fear of losing its pride
and joy of the tennis courts.

Mrs. Helen Wills Moody made
this clear in an interview with In-
ternational News Service, in
which she asserted emphatically
that she has not the slightest in-
tention of giving up tennis.

"I never will abandon tennis,"
she said, "I like it too much."
"I am going right out now to
play, and I shall play all the
time I am in Europe to keep in
practice."

"I plan to remain in Europe
five months more," she said. "I
will paint and study painting al-
though I have not yet selected the
schools where I will study."

"European social life could
never win me away from tennis.
I enjoy playing tremendously, and
I guess I always will."

Mrs. Moody was asked whether
she played so much in Europe
merely to keep in practice.

"Not necessarily," she said.
"I find that different courts and
players of various nationalities
add new zest to the game. I have
two tournaments in sight, one at
Prague and the other at some spot
now being arranged."

NEVADA WRECK DETAILS

CONFLICTING REPORTS OF
THE FATALITIES

MOST OF THE CREW REPORTED LOST

San Francisco, Sept. 30.—The
report received here yesterday that
the crew of the Nevada were safe
on shore unfortunately has proved
quite inaccurate.

No less than 32 out of the 35 on
board were drowned, according to a
later message received from the
Dollar liner President Madison,
which is bringing the survivors to
Seattle.

The Nevada went ashore in a gale
on the night of September 27.
Ships rushed to the rescue in re-
sponse to S.O.S. signals.

The Japanese cargo boat located
and stood by the Nevada but it was
too rough for a boat to be launched
before the American ship was
pounded to pieces on the rocks.

32 People Perish.

San Francisco, Sept. 29.—A
radiogram received from the Presi-
dent Madison told of the rescue of
three seamen from the Nevada
ashore on Antismak Island in the
Aleutians. The message said 32

members of the Nevada's crew and
seven Chinese passengers perished.
Details of the disaster were not
given.

Captain's Fate Unknown.

Portland Ore., Sept. 29.—Radio
messages from the Oregon Maru
today reported half the crew of
the wrecked steamer Nevada had
reached shore safely but that the
others apparently had drowned.

The Oregon Maru stood by for
two days but high seas drove back
the rescue boats. The Nevada now
appears to be broken in half. The
fate of Captain T. W. Johansen of
the Nevada was not reported in
the last message.

The Oregon Maru stood by the
Nevada for two days, according to
the President Madison's message.
Time after time the Japanese vessel
launched lifeboats in an effort to
rescue the Nevada's crew, but each
attempt was rendered futile by the
high seas and high wind, which
made it impossible for the Japanese
seamen to get near their objective.

Apparently the Nevada was
broken in half by the terrific pound-
ing of the seas and the master of
the President Madison expressed
the opinion that her crew had
perished in an attempt to reach the
beach of Antismak Island.

Capt. T. W. Johansen, master of
the Nevada, is believed to have
been lost.

THE "CURATE OF KEW"

ORDERED TO REPORT AT
THE ADMIRALTY

Malta, Sept. 2.—Surprise has
been caused here by the news that
the Rev. Austin Lee, M.A., chap-
lain to the Mediterranean destroy-
er flotilla, has been ordered to re-
port to the Admiralty. He is
leaving for London to-day.

Following an inquiry by Cap-
tain E. R. Corson and Commad-
er J. G. Sutton, of Resource (re-
pair ship), their report to the
Commander-in-Chief Admiral Sir
Ernie Chatfield, resulted in Mr.
Lee being ordered to report. No
court-martial was held.

"The main charge," states Mr.
Lee, "is that I have been guilty
of Socialism, whatever that may
be."

"Yes, had I been given time to
prepare my defence, I would
clearly show that there has been a
misunderstanding. It is a chap-
lain's duty equally to be the friend
of all ranks aboard."—Exchange.

The Rev. Austin Lee was formerly
the curate of Kew. He re-
signed his appointment in Decem-
ber 1929 after writing a series of
articles during which he became
known as "The Curate of Kew."

According to a Shanghai Muni-
cipal Notification, a new condition
has been added to the licence con-
ditions for ferry and passenger
boats, launches and sampans which
states that no towing for passeng-
ers will be permitted. This will
be enforced from to-day except in
the case of sampans, for which it
will become effective on Novem-
ber 1.

THE CHILDREN'S CORNER

BY UNCLE JACK

LOCUST SWARM

A small swarm of locusts has just
come to the London Zoo; and though
there are just under a hundred of
these insects, there are quite
enough of them to give one "the
creeps." They came from the Sud-
an in an airplane, and they are
none the worse for their up-to-date
"flip," for they have done nothing
else but eat, eat, eat, ever since
they were put into the well-heated
glass case in the Insect House.

And they probably think they are
still in the Sudan, for they have
been provided with artificial sun-
shine, as well as endless leaves and
greenstuff.

The locusts are nearly three in-
ches long; and they are just like
huge grasshoppers to look at, be-
ing brown and green in colour.
They have the most fearful jaws,
and eat at such a rate that it is
quite easy to imagine the terrible
damage they do to the crops in
those places where they descend
upon the country in a dense cloud
which hides the sun and the sky,
so that day is turned into night.

When they have passed over the
land, there is not a leaf or a blade
of grass left.

With these locusts at the Zoo
there also arrived a number of
sand tubes filled with the insects;
and it is hoped that all these
baby locusts will emerge in due
course. When they do come out of
their egg-cases, they will not be
caterpillars, but perfect tidy lo-
custs.

ROUND

THE
CAMP FIRE.

No food ever tastes so good as that
cooked on a camp fire. When
the fire is really going well, place
some large branches on the out-
skirts of it, with the ends just in
the flames. As these burn they
can be gradually pushed in, and
the fire is thus kept up without
having to remove the pot to throw
more fuel on.

Never leave a fire unattended, and
never desert a site until the last
ash is cold and the turf has been
replaced. If you are careless about
this last precaution, a stray breath
of wind may start a fire blazing
long after you have gone.

After the evening meal, when
the remnants have been cleared
away, when songs are sung and
yarns are spun, when a pleasant
drowsiness steals across the series
as the scent of wood smoke rises
through the overhanging branches,
the hiker sees the flames of his fire
casting a glow on the trunks of the
friendly trees around him,
and realises that, away from the
turmoil of the city, life is very
good indeed.

Warnings.

Water is often dangerous unless
it comes from a filter. Often a
clear "cool-looking" stream carries
the drainage from a house higher
up, and although it may look
clean, it may contain rank poison.
Be wise—especially abroad—and
boil all water.

Flies.—Do all you can to keep
flies out of your camp, because
they are fond of settling on any
filth and then they come and settle
on your food, bringing poison on
their feet.

Remember that one fly can carry
on its feet enough germs to poison
a man.

Flies don't flourish when every-
thing is kept clean. Don't there-
fore, allow old scraps to lie about
the camp, but carefully sweep
them up and burn them, and then
the flies don't get a chance.

The Borrower.

"Why are you clearing the um-
brella stand
Because we are to have com-
pany this evening."

"Surely you don't think they
would start umbrellas!"

"No, but they might identify
some of them."

PILOTS

When a British vessel is approach-
ing the land and wants a pilot
the Pilot Jack is run up to the
foremast-head, and kept there un-
til a pilot comes aboard, when it
is hauled down.

The red and white horizontal
Pilot's Flag is then hoisted on the
tricolor-stay halyards, or in some
other conspicuous position, and re-
mains there until the pilot is dis-
embarked.

The Pilot's Flag signifies the
presence of a pilot in the ship,
who may, as is the case usually
with summer pleasure steamers
plying in a pilotage district, be
the master or mate of the vessel,
holding a pilot's certificate.

In these circumstances it is a
common, if not logical practice, to
fly the Pilot Jack from the jack-
staff in the bows for decoration,
and the Pilot's Flag under the en-
sign from the flag-staff in the
stern.

King's Regulations say in refer-
ence to the Pilot Jack: "All ships
and vessels shall use the British
Union Flag with a border of white,
one-fifth of the flag, as a Pilot
Flag in all parts of the world,"
and it is in this form only that a
merchantman is authorised to use
the Union Flag.

EXPLORERS

Here are the answer to

5. Marco Polo.

LEARNING TO DIVE

For beginners the first thing to
remember is that it is the easiest
thing in the world to enter the
water head first. Confidence is half
the battle.

At first keep your eyes on the
spot where you will enter the
water, fall forward, push off, and
at the last minute throw your legs
up, stiffening the knees as soon as
possible.

Try this from a height of about
two or three feet, because if you
are too near the level of the water
it is difficult to avoid going flat.

If you find learning to dive dif-
ficult get a friend to crouch beside
you and as you fall forwards let
him knock your legs upwards a
little. You should be able to mas-
ter a simple straightforward dive
in a very short time.

LINCOLNS WIN IN ALL DIVISIONS

IMPRESSIVE ENTRY INTO LOCAL SOCCER: POLICE GO UNDER BY SIX GOALS TO ONE

CLUB BEAT RECREIO BY SIX GOALS TO ONE

The Lincoln Regiment made an encouraging start in local football circles when they won in all three divisions of the league on Saturday. Their senior team accounted for the Police by the convincing margin of 6 goals to 1, while in the second division they won by the odd goal in seven against St. Joseph's. In the third division they swamped the Radio Sports Club by eight clear goals.

South China continue to win their victim on Saturday being the Royal Artillery whom they defeated by two clear goals, while the Club de Recreio were badly beaten by the Club at Happy Valley.

The results in the second and third divisions were very much as generally anticipated.

Division I.	
Lincoln	6
Police	1
Division II.	
Club	2
Recreio	1
Division III.	
University	3
South China	2
St. Joseph's	1

LINCOLNS WIN WITH TEN MEN

Although their centre half, Barber was injured in the first half and the team played with only ten men during the bigger part of their game with the Police, the Lincolns won by six goals to one. The Police held their own in the first

twenty minutes or so and looked as though they were going to extend the newcomers, but it was not long before the soldiers equalised through Higgins. At half time the score was one goal all.

RESULTS AT A GLANCE

In the second half, the soldiers were distinctly superior and five more goals came to them through Baldry, Harding, (3) and Bidley, and the score would have been even bigger if Fraser had not kept goal so splendidly for the Police.

SOUTH CHINA v. R.A.

In their game at Caroline Hill, South China accounted for the Royal Artillery by two goals to nil. The match was followed by a large gathering of supporters of the Chinese team who were anxious to see if their team could reverse the result of a friendly game played some time ago in which the soldiers won.

The nippy Chinese forwards were held by the hefty Artillery backs for some time, but their repeated efforts to break through were early rewarded by Leung Wing Fat scoring a goal for them. The interval found the Chinese ahead by a single goal, and although the R.A. tried to equalise in the opening moments of the second half by a very impressive attack, they failed to score. At the other end, Lee Wai Tung, the Chinese star added a second goal for the home team and this put the issue beyond doubt.

NAVY v. ST. JOSEPH'S

St. Joseph's went down to the Navy by two clear goals. They were beaten in practically every department of the game. One of their backs failed to turn up and this disorganised the whole team. The Navy team scored a goal in each half, Rawson giving them the lead in the first half and Usher adding a second goal in the second half of the game. Leonard and Gosano were the outstanding players for the College team while Mongar and Harvey played well for the sailors.

CLUB v. RECREIO

The Club opened the season well by winning with a margin of six clear goals from the Recreio. The Portuguese team put up a very good display in the first half and although they were down by a goal, which was netted for the Club through Hyman, they did not give the impression that they were going down heavily.

However, they seemed to lose heart when the Club scored a second goal through Fowler in the second half. Howe and Duncan added further to the score while Dominey scored a couple in quick succession just before the final whistle.

SECOND DIVISION.

SOUTH CHINA v. EWO

By an odd goal in three, South China beat Ewo at a game in Caroline Hill. Ewo drew first blood when they scored through Tang Tim Kau in the first half, but the S.C.A. equalised before the interval through Ng Po Kim.

There was plenty of rough play during the second half of the game and Young Siu Yick gave the South China team the lead towards the end, the final score being two goals to one in their favour.

BORDERERS v. ARTILLERY.

The Borderers accounted for the Artillery by four goals to one. Three goals were netted for the winners in the first half and it looked as though they would emerge with a big margin by the end of the game, but splendid goal keep-

ing on the part of Holmes for the Artillery resulted in only one further goal being scored against the losers in the second half. Stanton scored the only goal for the Artillery.

LINCOLNS v. ST. JOSEPH'S

By four goals to three, the Lincolns' second string accounted for the College's second eleven. The game was a very fast one and the College led through Souza, but the soldiers equalised through McGuinness and Malpas and Hooquard added further goals for the soldiers before the interval. In the second half the soldiers went further ahead when Botts scored for them. The Collegians then pulled themselves together and Santos scored twice in rapid succession for them. The final whistle came with the Saints still looking for the equaliser.

ATHLETICS v. NAVY

The Chinese team was too good for the sailors whom they defeated by 5 goals to 3 in Kowloon. Chudwick scored both the goals for the Navy while the Chinese goals came through Ko Hung Chung, (3), Cheong Koon San and Fung King Tang.

CLUB v. TSUNG TSIN

The Tsung Tsin A.A., newcomers to the league, scored two points at the expense of the Club whom they defeated by three goals to two. The Chinese scored two goals in the first half but Watson scored two goals in the second half for the Club. In the last minutes of the game, however, the Chinese obtained the lead through Oiu Shuk Yan and kept this advantage until the final whistle was blown.

THIRD DIVISION

RADIO v. LINCOLNS

The Radio were outplayed by the Lincolns, conceding eight goals without reply. Seven of the goals were scored in the first half by Clarke (2) McGuinness (2) Clements, Dennis and Davis. In the second half play was more even, the only goal being scored by Davis. The Lincolns were never seriously extended.

SIGNALS v. ST. JOSEPH'S

The Signals, newcomers to league football, again suffered a heavy defeat, when they went down to St. Joseph's by 4 goals to 1. As in their match with the Borderers last week, they held their own up to a certain point and then fell to pieces.

ATHLETIC v. RECREIO

The Chinese Athletic recorded their second win in this division at the expense of a weak Recreio eleven at King's Park. The quick footwork of the Chinese forwards proved the undoing of the Portuguese, and their goal fell on four occasions, Hui Yu Kwong netting twice, and Lee Ping Shee and Ha Yu Hing scoring the remaining two goals.

SOUTH CHINA v. VARSITY

Much surprise was caused by the University win over the South China third string by the odd goal in five. It was a fairly even match, with the issue in doubt until the final whistle.

SUNDAY'S GAMES

ATHLETICS DRAW WITH BORDERERS

TWO GOALS ALL

The Athletics and the Borderers dropped a valuable point each when these two teams met on Sunday at Soekunpo.

The Chinese drew first blood early on but the soldiers equalized before the interval.

In the second half, the Chinese supporters received a shock when the Borderers' forward line played havoc with the Athletics' defence and their efforts were ultimately rewarded by a goal. The Chinese, to the gratification of thousands of supporters, drew level just before the end. The final score was 2 goals all.

ENGINEERS BEATEN 3 GOALS TO NIL

The third division match between the Engineers and Service Corps, played at King's Park yesterday, resulted in a comfortable win for the latter by 3 goals to nil. The game provided some keen duals at times but the superiority of the Service team was most marked.

RELEASE HOPES
INCREASECONTACT WITH CAPTORS
OF TWO BRITONSPICTURE OF CONDITIONS IN
BRIGAND CAMP

Newchwang, Sept. 30.—Hopes of saving the unhappily victims of bandit kidnapping, Mrs. Muriel Pawley and Mr. Charles Corkran, increased materially to-day when the Japanese military authorities, through Chinese bandit intermediaries, established direct contact with the kidnappers.

Japanese officials expressed confidence that the two captives would shortly be restored to their anxious relatives and friends.

Twenty-three days have now passed since Mrs. Pawley and Mr. Corkran were kidnapped by bandits at the racecourse at Newchwang.

The latest demand: "The bandits received here yesterday are described as being just as fantastic as the earlier demands."

The messengers who returned yesterday were greatly delayed by rains, but perfect autumn weather has now set in and this is expected to speed up the negotiations for the release of the prisoners.

The messengers on their return reported that the bandits were very much on the alert against any attempt at a surprise rescue, for when they reached the locality they were stopped at least seven times, being passed from one sentry to another.

Flight of Captives.

From letters and scraps of information brought by couriers, it is now possible to form some picture of the plight of the British captives being held in the bandit camp. The marshes and swampy flats which make defence of the position easy and approach difficult have already been described.

Mrs. Muriel Pawley's riding costume is believed to have been replaced by a white cotton shirt, a pair of khaki jodhpurs, an old woollen sweater with long sleeves and white viyella tennis stockings.

A pair of brogues were sent to her in one of the parcels but it is feared that they were stolen and it is therefore supposed that she is wearing thin, cloth Chinese shoes. Mrs. Pawley, who was at first bare-headed, is now thought to have received an old felt tennis hat which was contained in one of the parcels. Undoubtedly all the foregoing attire must have run the gauntlet of theft in transit.

Mr. Corkran is believed to be dressed in a khaki shirt, shorts, old stockings, gym shoes and sweater. Grey flannel trousers were sent to him along with some shoes, but both may have been stolen.

An attempt was made to send a pipe, some tobacco and shoes, but it is greatly feared that these were stolen.

Supplied with Cigarettes.

The captives, however, are supplied with cigarettes. These were sent as a present to the bandits who in turn passed them on to the captives as being too expensive a brand or too inferior to their own tastes. The terrible tedium of the captives has, however, not been relieved by the parcels of books, cards and papers which were sent to them, as these are definitely believed to have been stolen. The mafo reports that he saw the captives carefully undoing a newspaper parcel and eagerly scanning the print for something to read.

When food is being sent to them an effort is made to include articles which the bandits might desire, such as ovals, chocolate, boric acid and oxa. The bandits, it is believed, in common with the rest of the peasantry in the vicinity, religiously boil their drinking water in order to prevent disease. It is therefore hoped that the captives, with the use of the primitive utensils at hand are able to prepare these foodstuffs themselves, if any of it ever reaches them.

In Good Physical Trim.

Otherwise their only beverage is boiled water—as the bandits are doubtless too poor to afford tea—and they must rely on such miserable fare as their captors are able to spare.

Mrs. Muriel Pawley's skill with chop sticks is standing her in good stead during her present plight, and she is also partial to Chinese chow, although naturally not the wretched kind she is now forced to eat.

Fortunately both the captives were in splendid physical trim when they were kidnapped. Mrs. Pawley is accustomed to vigorous outdoor life. Nevertheless, there is (Continued at foot of next column.)

ANTI-DRUG BODY
AND SEIZURESCONTEMPT OF LAW SHOWN
BY SMUGGLERSGOVERNMENT URGED TO
TAKE STEPS

Shanghai, Oct. 1.—Prompted by the latest drug seizure,—that of the large morphine cargo on the steamer Siangwo by the local Customs officers—the National Anti-Opium Association, in a telegram despatched to the National Government yesterday, has requested that a thorough and strict investigation into the recent drug smuggling cases be instituted and that the responsible parties be severely dealt with. The Association quotes the value of the morphine seized on the steamer at \$1,000,000.

"Due to malfeasance in office on the part of the unscrupulous officials, drug suppression in China has long been loose," says the telegram. "To the gratification of the general public, the Government and General Chiang Kai Shek have issued repeated orders for the suppression of drugs. Contrary to expectations, the situation has become worse, and successive enormous drug seizures have been made in Hankow, Nanking and Shanghai."

After having cited recent cases in connection with the drug seizures, the Association points out that, in spite of the Government order, the drug traffic in the country is greater than ever, as proved by the frequency of enormous drug seizures during the last month. In view of the apparent utter contempt for the law shown by the parties concerned, the Association urges the Government to take effective steps to uphold law and order.

The Association further points out to the Government that in view of the importance of its duty, the Association has drawn the attention of the authorities to every opium case. Unfortunately, the Association goes on to say, the protests have fallen on deaf ears. In view of the enormous drug transportation, with which many officials are alleged to be concerned, the Association can not but again urge the authorities to deal with the responsible parties strictly.

PANCHAN LAMA'S
PEIPING VISITDINNER TO BE GIVEN BY
SEIYUAN OFFICIAL

Peking, Sept. 30.—The local Panchan Lama Reception Committee has received a telegram from the Tibetan spiritual leader at Pailin-miao, saying that he has postponed his departure for Peking from September 30 to October 1.

He will make a short stay at Kuohua, where General Fu Tso Yi, chairman of the Suiyuan provincial government, will give a dinner in his honour. He will start for Peking tomorrow or the next day, arriving in the former capital the following day.

The Panchan Lama will be accompanied by a large retinue.

THE SITUATION IN
SZECHUANPEACEFUL SETTLEMENT OF
THE DISPUTE SOUGHT

Nanking, Sept. 30.—With a view to averting civil strife, the Szechuan Executive Yuan to-day authorised General Ho Ying Ching, the Minister of War, to call meetings of resident representatives of the various Szechuan generals for the purpose of discussing peaceful settlement.

The Government leaders are deeply exercised over the military situation in Szechuan where a deep-rooted animosity between General Liu Wen-hui and General Liu Hsiang has been the cause of intermittent warfare.

No minimising the desperate nature of their plight aggravated as it is by constant threats of the bandit chief, who is an evil black-guard of the worst type. Also the tension and sickening apprehension under which they now exist is made even more terrible by the thought of possible torture or death which will be meted out to them unless the ransom, in its present impossible terms, is forthcoming within the time limit given by the bandits.

BRITISH TENNIS
STARSBOTH MEN AND WOMEN
HAVE A POOR YEAR

THE RANKING LIST

The task of the L.T.A. Committee, whose duty it is to frame every year an official ranking list of English players, will not be an enviable one this year. For the matter of that, it never is an enviable job, but I imagine that here will be more "snags" this time than ever before, particularly in the women's ranking.

To be perfectly frank, the women players have had a thoroughly bad year and I can think of only three players who have made progress. Miss Sheila Hewitt, Miss Mary Healey and Miss Kathleen Stammers. If Miss Betty Nuthall and Mrs. Fearnley-Whittingstall have not actually gone back they have certainly not gone forward.

It is rather disappointing to reflect that if Mrs. Helen Williams-Moody retired to-day it would still be odds against an English player taking her place. Miss Helen Jacobs would probably succeed the more famous Helen; in recent years she has always done specially well against English opponents, many of whom are really superior to her as lawn tennis players, but much inferior to her as match players—a vital distinction with a difference.

As for the men, the task would be a little simpler. Despite some disappointments from both, F. J. Perry and H. W. Austin would come first and second. It must be a matter of personal opinion who is the better. For myself, I would put Perry first, despite the fact that Austin reached the Wimbledon final, but really there is very little between them.

Suppose twelve players are ranked, who would be the other ten? G. P. Hughes would rightly be high in the list for he is one of the most consistent and sound players in the country. Places should be found for R. J. Ritchie and J. W. Nuthall, two young bearers of famous lawn tennis names who have made rapid and definite improvement. John Oliff and E. R. Avery, members of our official team now in America, will no doubt be included, but both of them have rather severe limitations.

Those of Oliff are really self-imposed; if he were less casual and learned how to concentrate he might touch greatness. But I do not think he ever will. It is easy to alter your strokes in lawn tennis, but it is terribly difficult—if not impossible—to alter your temperament.

All in?

Build up a new reserve of nerve strength—with Sanatogen. A few weeks' use of this famous nerve food will give you the energy to throw off fatigue and to face your daily work again with confidence and cheerfulness. Your tired feeling, your nervousness and irritability will disappear—weakness will give place to radiant vitality.

"A building-up process takes place in the nerves after the administration of Sanatogen," wrote Professor Mann of Oxford University.

Make up your mind now to be strong and healthy again, by starting a course of Sanatogen.

BAG AND BAGGAGE ACCOUNTS FOR SADKO

**WOODLAND STAG ESTABLISHES NEW MILE RECORD:
EX-CHAMPION STILL GOING STRONG**

**MR. G. A. HARRIMAN RETURNS TO WINNING MOOD:
MANY THRILLS FOR PUNTERS**

(By "MORNING DEW").

Jockeyship proved to be the biggest factor in Saturday's races and although the results, generally speaking, contained no surprises, the winners were included in my tips either as winners or as likely to be placed—it was hard riding in many cases which brought victory.

The outstanding performance of course was the lowering of the mile record by Woodland Stag while carrying 170 pounds. This big-hearted animal seems to be able to lower records at will and those who believed the rumour that he was not 100 per cent. sound, paid for it.

Mr. G. A. Harriman, once the outstanding jockey locally, made a pleasing return to winning form. He showed flashes of his old brilliancy when he almost created an upset in the first race of the day by putting up a strong challenge to Valorous when he was riding an outsider in The Tiger. When he weighed out for the "C" class handicap race and when his mount had a sporting chance, he made no mistake. If you want a general word of advice for today's race, all I can say is, look out for Harriman when he has a decent mount!

HOW BAG AND BAGGAGE WON

My selection for the big race, Bag and Baggage, carried only half the money put on Sadko. Bag and Baggage won just as he liked, leading all the way home. The earlier pace was too much for Mr. Soares' representative and the jockey could not get Sadko within measurable distance of the winner during the earlier part of the race. The result was that after five furlongs, Bag and Baggage had so substantial a lead that as far as Sadko was concerned, the race was all over bar shouting. Pride of Tsingtao managed to stay with Bag and Baggage

his favour at the distance post, Mr. G. U. da Roza found a strong challenger a hundred yards from home in Champagne Bay and Indiana had to go under by two lengths. Navy Hall ran strongly all the way round and although he was game enough, he was not class enough.

Wonderful Stag and Workable Stag disappointed badly and although the former looked at one stage as though he would win, he petered out rapidly in the straight. Workable Stag ran well enough all the way round but I fear the weight was too much for him and he went

REMARKABLE FORECAST OF SATURDAY'S RACES

Few things are harder than to forecast the results of horse racing. In home racing even the best tipsters are poor guides, though it is said the racing correspondents of leading papers have to show a certain percentage of winners in order to keep their jobs. The Daily Press poster on Saturday advised "Follow Morning Dew." Morning Dew's forecast and the results are given below, side by side. To pick the correct finishing order in three successive races, and to give 1st and 2nd in two other events must be something of a record.

Two other winners were spotted, and for every event there was a both ways bulls-eye.

The fields in the 2nd, 3rd and 4th races were respectively ten, seven and six. In the fifth race, 1st and 2nd correct, the field was nineteen, and the eighth race, again 1st and 2nd correct, the field was sixteen.

for the greater part of the journey, but the mile and a quarter found him out and he lost ground rapidly in the straight. Meanwhile Sadko was pushed for all he was worth from the Rock round the Village and up the home straight, but to no purpose, for Bag and Baggage came home on the bit to win by three lengths.

Indiana's Bad Luck.

The change of jockeys between Indiana and Deveron proved all in Indiana's favour, as it happened. But the pony is fated with ill-luck and although he had everything in

under. Mr. Harriman on the winner was content with waiting until the last three furlongs to make his effort and the decision was a happy one.

Woodland Stag's victory proves two things; first that he is as sound and fit as he ever has been and second that Mr. Frost is the best jockey in races for Australians. In my mind, he is 15 pounds better than anybody else in these races.

Mr. Frost Again.

On Saturday the earlier pace was very fast, but Mr. Frost knew his mount exactly and did not ask him for the big effort until going down

the slope after the half mile mark. Before the straight was reached, the race was all over!

Of the rest of the racing, it need only be said the Mr. Pan judged Valorous to a nicety when the pony won the opening race of the day and that he made the most of a good start in the six furlongs race when he brought home Chiu Quan. Mon Talisman came along with a big rush in the last quarter to get second place there, and I have a feeling that if the pony had got away with the field he might have done better.

Mr. Peter Young won without effort on Golden Arrow, an outstanding pony in the novices event and Pocahontas had things all his own way in the last race of the day when he accounted for a field of sixteen.

"THE COLONY'S MOST NOTABLE BACHELOR"

MAJOR GENERAL SANDILANDS, "THE CHILDREN'S FORSTER FATHER"

WITTY SPEECHES AT PRESENTATION OF SCOUTS' "THANKS BADGE"

DR. KOTEWALL'S REGRETS AND THE G.O.C.'s AMUSING REPLY

There was a large gathering of Cub Scouts and Scouts at the Victoria Recreation Club on Saturday afternoon on the occasion of the Boy Scouts' Annual Swimming Sports, after which H.E. the General Officer Commanding (Major-General J. W. Sandilands, C.B., C.M.G., D.S.O.) was presented with a "Thanks Badge," as a token of appreciation of his help to the movement in Hong Kong.

This badge, which is the highest token of thanks which the Association can offer, was presented by the Commissioner (the Rev. G. T. Waldegrave), with a letter from Lord Baden-Powell, the Chief Scout. In making the presentation Mr. Waldegrave said, "In His Excellency, the General, all children in Hong Kong have a good friend. The Girl Guides had their day yesterday when their headquarters were opened; we had our day at Empire Day when we were entertained at Flagstaff House." The Commissioner then reminded all Scouts that on seeing this badge being worn by the General at any time, they would be obliged to go up to him, salute and ask if they could be of any service to him.

The Colony's Most Notable Bachelor.

The Hon. Dr. R. H. Kotewall, C.M.G., president of the local Association, said: "This badge is a mark of appreciation for what His Excellency has done for the Scout movement in this Colony. His deep interest in Girl Guides was proved by the opening of the 'Sandilands Hut' on Friday. His Excellency is certainly the most notable bachelor in the Colony, but in spite of this he can claim to have the largest family in Hong Kong." (Cheers.) Dr. Kotewall continued: "Thousands look to His Excellency as a foster father, and I think you must all agree that it is a great pity he is not married. His goodwill and humor would, I am sure, make him an excellent husband and a loving father. In giving this badge we offer our appreciation to a noble man and good friend."

The General's Reply.

The General in reply said: "I would like to thank all responsible for the good time I've enjoyed at the sports this afternoon, and I must say 'thank you' for the badge which I deeply appreciate, more especially as it is an unexpected gift. I often wish I had done more for the Boy Scouts but as you know my spare time is pretty much taken up. "When I first came to Hong Kong, your friends the Girl Guides quickly recognised a poor unprotected man and once in their clutches I never got away. I have noticed at recent gatherings that all refer to the 'bachelor' and I hear many of these guides would be very pleased to marry me. (Applause.)

"We live in great expectation at Flagstaff House. Every letter is suspected of containing a proposal, but so far none have come along. I would remind the ladies that less than three months remain. I embark on or about December 31, so they had better hurry up! (Applause.) In closing I again extend my thanks to the Boy Scouts for their kindness and for this little badge." (Applause.)

The Commissioner then called on the Scouts to express their feelings towards the G.O.C. in song, and the great hall echoed to the tune of "For he's a jolly good fellow," after which three hearty Scout cheers and a "Tiger" were given for His Excellency.

The Sports.

The sides of V.R.C. swimming bath were gaily decked with flags and bunting; and a large number of supporters from various groups were present long before the events were due to start.

No less than three records were broken and many exciting finishes were witnessed. Shek Kam Pui did exceedingly well in winning the 20 yards champ., the 100 yards champ. and 50 yards backstroke. In the two latter events he established records by doing the 100 yards in 63.4/5 sec. and the 50 yards back stroke in 24.3/5 sec., beating the previous records of A. May and Chau Sui Kam respectively, in 1922 and 1931 by 6.1/5 sec. and 2.3/5 sec.

The Inter-Troop Team Race was an easy win for the Sea Scouts, who broke their previous record of 53.2/5 sec. by finishing in 52 sec. The real race was for second and third place. The whole assembly apparently were crazy with excitement for a few moments; 1st Hong Kong Troop winning second place by a mere touch from the 9th Kowloon (Dock) Troop.

The Wolf Cub events were no less exciting, in fact if possible the Cubs were more noisy than their elder brothers, the Scouts. The Akela Cup, presented to the Pack with the highest number of points was awarded to the 14th Hong Kong (V.I.S.) Pack, who won all four cub events on the programme. The Wolf Cub Inter-Pack Relay Race was a popular event, and was won by the 14th H.K. Pack followed by the 4th H.K. (Murray) Pack.

After the sport an excellent tea was served to all present by the Scouts, after which the Scouts, Cubs and visitors assembled in the V.R.C. Hall for the presentation of certificates and Challenge Cups by H.E. the General Officer Commanding.

Officials Thanked.

Before the presentations, the Commissioner (Rev. G. T. Waldegrave) expressed his thanks to the secretary and committee of the V.R.C. for the use of the swimming bath and the club premises. Mr. Waldegrave pointed out the advantage of securing the same bath year after year for the sports as it kept the records clear and regular. He also thanked the judges, the referee and other officials, especially those who came along and worked so hard at the heats last Wednesday.

His Excellency the General then presented the cups and certificates. The Bird Challenge Cup was awarded to the 1st Sea Scout Troop for obtaining the aggregate number of marks. The 9th Kowloon (Dock) were runners-up and were presented with the President's Cup. These cups were presented for these purposes by the Hon. Mr. H. W. Bird in 1926 and by the Hon. Dr. R. H. Kotewall, respectively. The Akela Cup presented by the Commissioner was awarded to the 14th H.K. Pack. These three cups are held for one year.

S.C.A.A. HARBOUR SWIM

RESULTS OF THE THREE EVENTS

The South China Athletic Association held their annual Harbour Swim on Saturday, the three events, for men, ladies and boys, under fifteen going to Kwok Chun Hang, Miss Young San King and Li Ping Wa. Miss Young has had a great season in the local swimming world this season and her success was not unexpected.

After the races Mr. Tsang Yiu Ting, Hon. President of the S.C.A.A. gave away the prizes for the three events and those won during the season.

Full results were:—
Men:—1, Kwok Chun Hang (26 mins. 21.405 sec.); 2, Wong Sun Man (27 mins. 35 sec.); 3, Chan Ki Chung (28 mins. 23 sec.); 4, Ling Sung Hee; 5, Wai Pui; 6, Tse Kin Hung; 7, Tsai Yuen Kee; 8, Chan Keon Chuen; 9, Leung Yum Hang; 10, Wong Yuk Pui; 11, Leung Mok Wa Chun; 12, Fun Tung; 13, Mok Wa Chun; 14, Fun Tung Shan; 15, Chow Chung Lu; 16, Tsui Han; 17, Mak Yau Sing; 18, Au Kwok Tong; 19, Mak Yu Ming; 20, Lo Sui Lam; 21, Leung Yuk Wa and 23, Li Ho Loong.

Ladies:—1, Young San King; 3, Leung Wing Han; 3, Young Sau Chan. Time: 29 mins. 59 sec.
Boys (Under 15):—1, Li Ping Wa; 2, Lau Kai Ming; 3, Au Long Wa.

ST. JOHN'S AMBULANCE AQUATICS

KING'S COLLEGE WIN

A very pleasant morning was spent at the King's College Swimming Bath yesterday when the St. John's Ambulance Brigade held their annual aquatic sports. There was quite a large number of supporters present and excitement was at a high pitch throughout.

The sports were open to all divisions of the Brigade and points were awarded towards the Claret Shield for first, second and third places. This trophy was won by the King's College (Present Boys) with sixteen points, followed by the China Athletic Association (3 points) the Indian Division and King's College (Past Boys) with 3 points each. The individual championship was won by Lau Po Hei (King's College) with 6 points.

The most interesting event was the life-saving competition. A dummy lay at the bottom of the bath and each competitor in turn, dived in to bring it to the surface. The amusing part of this event was that once the "victim" was "saved" he was promptly allowed to fall back in the bath!

At the conclusion of the sports excellent refreshments were served after which the headmaster of King's College, Mr. A. Morris, said that he was glad to note that the same enthusiasm prevailed as on previous occasions. This year, he said, the records were slightly better and he was also pleased to see the nurses enter the races. The prizes today, Mr. Morris added, are souvenirs, the real cups and shield are held by the brigade and will be presented at the annual inspection in the new year.

The prizes were then presented by Mrs. R. Langley aided by Mrs. Ling, the recorder.

Results.

A full list of results are as follows:—
Ellis Kadoorie Relay Race:—1st, King's Present Boys; 2nd, China Athletic Association; 3rd, Indian Division.

MOTOR-CYCLE RELIABILITY TRIAL

MANY SPILLS AND BREAKDOWNS IN SECRET SECTION

CROWDS WATCH ROUGH RIDING: ONLY 14 FINISH

The motor cycle reliability trial held in Kowloon over the weekend will go down as one of the most arduous and successful events of its kind held in the Colony. The riders were thoroughly satisfied with the organisation and found the course to be exactly, if not better, than they had anticipated. Thirty-four entries were received and of these only fourteen managed to survive the course and check in at the finish at Kowloon.

The total distance of the trial was nearly 300 miles and led over the roughest roads that could be found around the New Territory circuit. There was a fairly large crowd to watch the riders tackle the secret section of the course, which included an amazingly steep and bumpy pathway of climb with a sharp descent. Here the spectators were afforded the very best of entertainment for the rough riding which followed was full of thrills and spills!

The Start.

The start was made on Saturday at midnight. The first man, No. 1, Mr. A. J. Cash was sent off by the starter, Mr. J. R. Way, followed by rousing cheers from the spectators. As the riders arrived to the start they were given a brake-test examination by Traffic Inspector Mason and Sergeant Clark of the police. This was very satisfactory and showed the machines to be in good trim.

Trouble Sets In.

Trouble set in early. Quite an hour before the start No. 32, Mr. Webb (Scott) struggled in vain to get his lights to work properly. He eventually started with a dangerous flicker instead of a constant beam. No. 3, Mr. Franks (Ariel) substituted for the unfortunate original entry, Mr. Mitchell, (B.S.A.) still nursing his wounds from his crash the week before. No. 5, Mr. Rocha, (Rudge) carried three small electric torches in his pockets as a stand by to his poor lights. Lucky No. 13, Mr. Xavier, (A.J.S.) went off with a confident grin and cheers from his friends. One of the most remarkable starters was No. 19, Mr. Smith, (Humber) last year's winner. This rider was attired in strange contrast to the others. He wore a white summer suit, was hatless and asked for his route-card five minutes before he started off! Optimist—No. 20 Mr. H. Kew, one of the formidable trial riders on a Norton, looked very serious about his job as did the rest of his team, Messrs. Wong and Tsang. Their seriousness, however, was well rewarded, for at the finish they were the only team to complete the course.

The First Spill.

The weather on the eve of the start was very doubtful and although it later turned out to be ideal, rain had fallen around the reservoir which made the twisty road difficult to ride. No. 6, Mr. Spradbery, took a toss on a wet corner and before he could clear his machine from traffic he was run into by another competitor, Mr. Whitley, (B.S.A.). However their spills were mild and they carried on feeling none the worse for the experience.

No. 17, Mr. Rocha (Rudge), gave up at Castle Peak with no lights having used up his torches. The marshal put it, "He resigned from the trial." One of the most sporting entries was in the person of Mr. F. L. Parton, No. 28, with his small .08 c.c. (less than one horse power) machine. This rider rode to schedule throughout the night and was only put out by the treacherous gradient of the observatory hill. Even this he actually climbed with assistance, his little machine working well overtime of his power.

Stop and Restart.

After completing over 180 miles of night riding, a stop was made

at Castle Peak Cafeteria for breakfast. Here the competitors showed an alarming appetite for eggs and bacon and the hotel supplies were heavily taxed! After the meal an engine stop and restart test was made. This test brought downfall to a large number while others started their machines well within the time limit of 5 seconds.

From the Cafeteria the course led again over the frontier road between Shaotokok and Fanling. Here one or two riders began to feel the strain of the long riding and two made errors on the narrow path which found them in the paddy field unhurt. No. 19, Mr. So Chiu Too, (A.J.S.), hit a dog here and Mr. Peter Silva, No. 8, (B.S.A.), was doing well until he crashed on one of the Shatin bends trying to make up time. He was not hurt but had to abandon his machine. Mr. Payne, No. 31, with his big Brough-Superior, was also well up until tyre trouble overtook him on the frontier path, and after walking six miles to Fanling Station for repairs, he found that the tube had burst. Mr. Ambrose, No. 33, (B.S.A.), however, was perhaps the most unfortunate. Four times his tyre burst and on each occasion he set about and cured the trouble only for it to burst entirely on the Shatin Road. He gave it up as a bad job.

The Observed Hill.

Towards the end of the trial the riders were directed, without previous knowledge, to tackle a steep incline leading from the Laichikok Hill Road. This hill formed the first part of the secret section which led over the reservoir path as an exit on to the Shatin Road. The surface of the observatory hill was treacherous, with deep ruts and cement gutters across the path. The gradient was an average of 1 in 4 with a steep section of 1 in 2. The riders bravely tackled the incline but it proved too stiff for their machines and no competitor was able to make a clean climb. However, it provided first class entertainment for the spectators who thoroughly enjoyed watching the riders in true rough riding antics. Notable climbs were made by No. 3, Mr. Franks, (Ariel); No. 5, Mr. Spradbery, (Sunbeam); No. 6, Mr. Dobernecker, (Ariel); No. 10, Mr. Cottrell, (Sunbeam); perhaps the best were No. 20, Mr. Kew, (Norton) and No. 34, Mr. Marriott, (Rudge).

Even over the top, the riders were not free from difficulty, for the route, thereon led along a steep downhill path bordering paddy fields. Very few in fact navigated this section without incident. No. 16, Mr. Cottrell, (Sunbeam), fresh from a brilliant climb of the observatory hill, took a neat toss into the paddy-field to emerge with himself and machine covered in mud!

Owing to the many failures on this section, it was not included in the last circuit as originally planned. The water splash had to be cancelled as the tide had refused to supply the necessary water for the crossing which was to have been at 16 mile beach. The results of the trial will be published in two weeks' time. Those who checked in at the finish in time were No. 2, Mr. Williams (B.S.A.); No. 4, Mr. T. N. Whitley, (B.S.A.); No. 5, Mr. C. Spradbery, (Sunbeam); No. 6, Mr. Dobernecker, (Ariel); No. 7, Mr. G. H. V. Ribeiro, (B.S.A.); No. 9, Mr. P. M. F. Rosario, (Norton); No. 19, Mr. Ng Chiu Too, (A.J.S.); No. 20, Mr. H. Kew, (Norton); No. 21, Mr. F. V. Wong, (Ariel); No. 22, Mr. E. Wong Tape, (B.S.A.); No. 23, Mr. H. E. Lewis, (A.J.S.); No. 34, Mr. E. Marriott, (Rudge); and No. 28, Mr. Parton, (88 c.c. Coventry-Eagle).

PHOSFERINE

CHAMPION OOI LEONG TEIK writes:—

"It is with the greatest pleasure that I write to testify to the benefits I have received by taking Phosferine during my training for the 1931 Malayan Weight-Lifting Championships."

"As I had to reduce some seven or eight pounds off my normal bodyweight in order to enable me to compete in the octane class, I had to go into very strenuous training, and with the help of Phosferine, I not only won the championship of that class, but also the individual Championship, and, in addition I broke a British Record."

"I therefore have no hesitation in recommending Phosferine to any physical culturist or athlete, whether he be in ordinary training or preparing for a competition."

KOWLOON HILLS AND THE PEAK

In the course of his vigorous plea for Kowloon during the Budget Debate, Mr. J. P. BRAGA criticised the Government for not pushing on with the Sai Kung Road.

In view of the world economic position and the urgent need for conserving our resources the Government is undoubtedly right in not embarking upon any work that is in the slightest degree speculative. Where roads are made, however, dwellings spring up rapidly and as the road leads further and further from the city the houses tend to become larger and more expensive.

In these days people like to live in the country and go in to their work in a car. This is only possible for the fortunate minority, but a growing number of people live on the outskirts of a town, if the transport is reasonably good.

In England prosperous men in the City take up their residence at Haslemere or in Essex, their senior assistants live at Richmond, Sutton or Surbiton and their clerks still closer in, at Golders Green and Sydenham. The same process is more or less apparent in Hong Kong. Until recently the Peak has been the European residential district and Caine Road and Robinson Road the site of the houses owned by wealthy members of the Chinese community. The Peak as a residential district was made by the Peak Tram, in its day the best instrument of transport in the Colony. Since then, however, we have seen the coming of the modern road and motor transport.

The small car, the motor bus and adequate roads have created Kowloon Tong, though even now it is difficult to see why the Kowloon-Canton Railway does not open a station at the Garden City and run its motor train morning, evening and

mid-day. The New Territories roads have led to the erection of country houses, and Mr. BRAGA has in mind a similar, more intensive, development on the Kowloon Hills. A note of insistence comes into his speeches on this subject because he realises that now is something of a turning point.

The Peak has sundry disadvantages. Many of the houses are perched on picturesque but inaccessible crannies. They are off the main road and in these days people prefer a roadway, either public or private, past the front door. Even a small matter of fifty yards up or down steps and paths is a grave disadvantage. Perhaps people to-day go out of an evening more than in the past; perhaps it is merely that we have grown softer and fonder of comfort. About the fogs nothing now can be said, except that these fogs, aided by white ants and other vermin limit the life of the average building in Hong Kong to fifty years. For all their spacious solidity many of the Peak houses need severe renovation if not re-building. The question is whether people would not prefer to rebuild out on the Kowloon Hills, especially in the Eastward direction. While the Peak gets all the wind that is going the mid levels that offer many possible sites are to a large degree shut off from the Lyemoun breeze that is one of the assets of Kowloon. No one would suggest that the Peak will ever be deserted, for its tradition has a solid backing in the excellent service of roads. But a supplementary area of large houses overlooking Kowloon is a probable development, always assuming that the Colony prospers and advances in the future as in the past. Electric train services are no monopoly of the West, and a branch line might easily connect with the main line, giving a speed down to the ferry quite beyond the range of a car passing through a big town. The harbour crossing is at present on the slow side, but the speed boat is not merely a trippers' toy. Even this short distance air-taxi is no impossibility. Time was when Sir PAUL CHATRA was almost alone in possessing a country residence on the Mainland. Now his graceful bungalow has gone and the site is to be given over to urban flats while the Japanese are still retreating outwards. It would be interesting to get a glimpse of the Colony fifteen years hence and see where they have pitched their

Rival Attraction.

Clerk (to defendant at Tottenham): Is your witness here?

Defendant: No, she prefers to see the Prince to coming here. (The Prince of Wales was visiting the hospital opposite the court.)

A Surprise for the King.

When the King visited Broadcasting House recently (the Radio Times says) they played him a record of one of his own broadcast speeches.

"Dear me," said the King, "I must have had a cold!"

Hobbs Not to Retire.

Cricket followers who have been delighted by Jack Hobbs's form with the bat during the past season will be pleased to learn that the great Surrey and England player has again postponed his retirement from first-class cricket. Hobbs has informed the press that he will not make any definite plans for the future until his return from Australia after the M.C.C. tour.

"But I certainly hope to play a few times more," he said. "I feel as fit now as I have been for some years," he said.

The Lie Detector!

Police of European cities listened with profound interest while Assistant Attorney-General Emory J. Smith of Illinois explained the lie detector developed at Northwestern University. Delicate instruments register the changing emotions of a witness as he responds to questions. Not only does the machine instantly record an untruth, but indicates, inversely, that every man is basically honest.

False pretense and falsehood are mere shell and mask—the dial shows even the hardened offender wincing when he deliberately conceals his conduct behind a lie.

Microphone in St. Paul's.

When Sir Christopher Wren built St. Paul's Cathedral (1675-1710) he left a note giving the distances at which speakers could be heard from the pulpit.

His instructions have been rendered obsolete by the installation of a system of loudspeakers concealed in the choir. Hitherto, it has been difficult to hear a speaker owing to the resonance under the great dome.

An Experienced One.

One of the great advocates of the Victorian Age, Sergeant Balfour, wrote in his reminiscences that the average barrister often does more harm than good by a torrent of irrelevant questions. The Sergeant himself frequently shattered a case by few withering questions, and a sarcastic speech of a few minutes duration.

Edgar Wallace and A Deposit.

When the late Edgar Wallace stood at the last General Election as Liberal candidate for Blackpool, he stretched his bank overdraft to the extent of £150 for deposit with the returning officer. On repayment of the money he went to a race meeting with it.

Two cases of enteric (one imported) were reported on Friday.

At to-morrow's meeting of the Rotary Club, Mr. H. A. Boyce-Coombe will give an address on "Java."

Dr. R. A. de Castro Basto was among the passengers bound for Europe by the Conte Rosso which left last night.

Part of the U.S. China Fleet arrived in the harbour early on Saturday morning. The arrivals comprised the U.S.S. Canopus, the U.S.S. Destroyer Pigeon, and Submarine 33, 37, 38, 39, 40 and 41. They made fast to buoys in the Naval Anchorage.

The Government is inviting tenders for the erection of a wireless broadcasting station in Kowloon. The work consists of the erection of a block of workshops and offices at Hung Hom. Tenders are also being invited for the erection of a three-storey addition to the existing P.W.D. offices in Hong Kong.

Mr. N. Ellis, of the China Light and Power Company, had a nasty accident on Saturday afternoon when he fell off his cycle in Prince Edward Road and hurt his legs and body. He was able, however, to go to the Kowloon City Police Station to make a report of the mishap before going on to Kowloon Hospital.

It is notified that the Agreement between His Majesty's Government in the United Kingdom and the Spanish Government in regard to the reciprocal recognition of land-line certificates has been extended to Hong Kong with effect from May 28, 1932. A copy of the agreement may be seen on application at the Colonial Secretary's Office.

According to the Shanghai Chinese Press, the Chinese Government will notify the Governments of Great Britain, United States, France, Japan and the Netherlands next month of its intention to revise the agreement for the rendition of the law courts of the International Settlement. Among the important changes it is proposed to make are those dealing with the judicial police and the appearance of foreign lawyers.

The China Times reports that Tientsin merchants are terrified by the activities of the Bloody Group. Last Thursday night, it is said, two missiles which had been placed in a cloth shop in the Chinese City exploded, killing one man and injuring four others. The shop was badly damaged. The second instance occurred shortly afterwards, also in the Chinese City, when a bomb left in a silk store exploded, injuring four persons. In the third instance, a bomb was left in the Chung Yuen Co., a large department store in the Japanese Concession, but it failed to explode. Martial law has been declared by the Municipality and the Japanese authorities have proclaimed a state of emergency.

Looking Back 50 Years.

The announcement of the death of Mr. John Noble after a short illness, which we made in these columns yesterday, must have been a great shock to his wide circle of friends and acquaintances. Mr. Noble was a very old resident, having been twenty-one years in the Colony, and was for some years manager in Messrs. G. Falconer & Co.'s establishment, until he started business for himself three or four years ago. He was generally respected by the community. An excellent musician himself, he was indefatigable in his efforts to promote the cultivation in the Choral Society, with which, we believe, he was identified from the first by classes, and by the encouragement of the diffident Union Church, in him lost an active office-bearer, while to the choir, whose director he had been for many years, his loss will be almost irreparable. He took a deep interest in the St. Andrew's Society and anticipated the happiest results from its formation; he was also always willing to aid in the musical meetings got up for our sailors and soldiers at the Temperance Hall. —Hong Kong Daily Press, 1932.

Looking Back 25 Years.

Under the distinguished patronage of His Excellency the Governor and Lady Lugard, a very successful concert was given at the Theatre Royal last evening. The programme opened with a "Dart Song," "My love is like a red rose," (Continued on Previous Column.)

ST. PAUL'S GIRLS' COLLEGE BAZAAR

MRS. SOUTHERN OPENS FUNCTION

The annual charity bazaar of the St. Paul's Girls' College was held on Saturday afternoon.

Mrs. Southern declaring the function open in the presence of a large gathering.

In calling upon Mrs. Southern to open the bazaar, the Hon. Dr. R. H. Kotowall, C.M.G., L.L.D., addressing the gathering said:—

"Mrs. Southern, ladies and gentlemen,—Yesterday, Mrs. Southern had a strenuous, tiring afternoon, and yet she is here to-day, cheerfully shouldering another burden of public service! Her unbounded enthusiasm for good objects no doubt gave her that energy which is the envy of even the stronger sex. Her practical interpretation of the Girl Guide's aim—to do one good deed a day—has exceeded the mark ever since her arrival in the Colony for we know that Mrs. Southern does many good deeds every day; and by coming here to open this Bazaar she had added another to the amazingly long list that stands to her credit."

"Yet, it is only to be expected that a function which has such worthy objects as the one this afternoon—to benefit charitable institutions such as the M.C.L., the Blind Home, the Victoria Orphanage and the Nethersole Hospital, and the College Library and Sports Funds—should have Mr. Southern's sympathy and support."

"I hope that those who have gathered here to-day will give the many attractions their patronage, and thus contribute the needed money and gladden the hearts of the hard-working ladies and girls who have put in so much of their time in getting up this Bazaar. The best way to bring smiles of pleasure to their faces will be to leave the stalls bare and the collecting bags full."

"I now have the pleasure of calling upon Mrs. Southern to declare the Bazaar open."

SHIP COLLISION LAWS

LOCAL ORDINANCE AMENDMENT.

The Gazette contains the draft of an Ordinance to amend the Supreme Court (Admiralty Procedure) Ordinance of 1908.

It is explained that Rule 53 in the Schedule to Ordinance No. 6 of 1908, contains fourteen paragraphs of particulars required to be filed in preliminary acts in actions for damage by collision. Though there are immaterial differences in phraseology the first thirteen of these paragraphs correspond with paragraphs (a) to (n) of Order 19 rule 23 of the English Rules of the Supreme Court. The fourteenth paragraph required a statement of the fault or default, if any, attributed to the other ship. This is not required in England and has given rise to difficulties in the Courts of the Colony.

This amending Ordinance repeals the paragraph and substitutes two paragraphs, corresponding in effect with paragraphs (o) and (p) of the English rule, which deal with sound signals and which were added to the Order in rule 23 in 1908, about two years after the date of the principal Ordinance.

As the repealed paragraph in rule 53 was in the nature of a pleading, rule 54 has been re-drafted so as to make it clear that an application for pleadings shall not be deemed abnormal.

TO HELP BRITISH HOSPITALS

PROPOSED SWEEPS ON HOME RACING

[THROUGH REUTER'S AGENCY.]

LONDON, Oct. 9.
A PLAN to organise sweepstakes for the benefit of British hospitals has been drawn up by the Director-General of the Casino of the International Sporting Club, Monte Carlo. Well-known Britishers, including Sir Charles Higham, Sir John Millar and Sir Walter Pankhurst have accepted an invitation to serve on the committee for distributing to British hospitals and charities twenty-five per cent. of the proceeds of the sweeps, of which the first will be on the Grand National. It will not be connected with sweeps run by the Monaco authorities.

MR. OTTO KAHN SERIOUSLY ILL

UNABLE TO ATTEND COURT

[THROUGH REUTER'S AGENCY.]

NEW YORK, Oct. 7.
THE serious illness of Mr. Otto Kahn, world-famous banker and chairman of the American Federation of Arts, was revealed today by his physician.

The doctor was called to give evidence in the Supreme Court following Mr. Otto Kahn's failure to appear and stated that the strain might prove fatal were he forced to appear to give evidence.

The case is one of the most remarkable cases ever brought in a country where suits are brought for strange reasons.

Singer's Grievance.

Mr. Kahn is being sued by Rosalinda Morini, the well-known singer, for \$250,000 on the grounds that her reputation has been damaged owing to the banker's denial of a report that he had said she had one of the most beautiful voices he had ever heard.

Mr. Kahn is considered an expert in music. He has always been keenly interested in the singing art, has given much assistance to talent and taken a leading part in promoting operatic enterprises both in America and England. He is President and Chairman of the Metropolitan Opera Company, New York.

SAMUEL INSULL IN ITALY

"A FUGITIVE FROM JUSTICE"

[THROUGH REUTER'S AGENCY.]

PARIS, October 8.
ACCORDING to the Paris *Chicago Tribune*, Samuel Insull, the aged Anglo-American industrial magnate, head of a chain of utility concerns involved recently in one of the biggest financial crashes of the century, together with his son, are in Italy. They checked out at the frontier station of Modena on Tuesday, and arrived in Turin on Wednesday. They told the manager of the hotel at which they were staying that they intended to leave for Florence. After their departure, a coded cable arrived from the United States, which is taken to indicate that their friends in the United States are aware of their movements.

They left Turin on Thursday and have not yet been heard of at Florence. Business circles were provided with a sensation on Thursday by the announcement that the Governor of Illinois had requested Mr. Henry L. Stimson, Secretary of State, to ask the French Government to arrest Samuel Insull. At the same time, a provisional warrant was issued at Toronto for the arrest of Martin Insull, who later surrendered to the Ontario police.

An Overt Act.

CHICAGO, October 8.
Mr. Swanson, State Attorney, today declared: "If Samuel Insull has left Paris, I will consider it an overt act, and that he is a fugitive from justice."

Out on Bail.

TORONTO, Oct. 9.
Despite opposition by the Illinois State Authorities, Mr. Martin Insull was released on bail of fifty thousand dollars. His counsel stated that he is suffering from neuritis and insomnia, caused by worry.

DISARMAMENT TANGLE

FRANCO-BRITISH PARLEY PROBABLE

[THROUGH REUTER'S AGENCY.]

PARIS, Oct. 9.
THE disarmament tangle has taken a new turn with an unconfirmed report current at the Quai, D'Orsay that M. Herriot might visit Mr. Ramsay MacDonald in London next week.

The report is officially neither confirmed or denied. M. Herriot, when questioned, discreetly replied that there was nothing new to be intimated and he had not received a formal invitation to London.

It is disclosed, however, that he on October 6, sent a written reply to the British invitation to a five Power conference.

The reply, the contents of which are most revealed, was apparently not an unqualified acceptance and expressed preference for collective discussion at Geneva.

GERMANY'S REPLY TO BRITAIN

[THROUGH REUTER'S AGENCY.]

BERLIN, Oct. 7.
THE German Government's reply to the British invitation to an arms conference in London is understood to express certain definite wishes while stating that Germany will be glad to participate in deliberations likely to lead to a fruitful settlement.

The proposed conference is still the subject of exchanges between Britain and the other Powers concerned.

BERLIN, Oct. 8.

The purport of the German reply to Britain's invitation to the Five-Power Conference is confirmed in well-informed circles.

Virtual Acceptance.

The reply constitutes virtual acceptance of the invitation, though it is understood that the German Government expressed the view that the conference could only be a success if a complete objective study of the German claim to equality in armaments was undertaken.

It is hinted in diplomatic quarters that the Government will reserve the right to make a complete statement of its views in this matter when the conference meets.

ANGLO-AMERICAN DISCUSSIONS

LONDON, Oct. 7.

FRESH developments in the disarmament field are possible as the result of an approach by the United States.

Discussions, dealing principally, it is believed, with naval disarmament, are about to begin in London with the arrival from Paris this evening of Mr. Norman Davis, the United States representative.

He is expected, in an interview with Reuter, that he had come over with the specific intention of discussing with a responsible British representative naval armaments.

Five Power Meeting.

He hoped that talking things over informally would lead the way to discussions between all the naval Powers: Britain, France, Italy, Japan and the United States, with a view to drastic cuts as suggested during the Disarmament Conference in July.

Mr. Norman Davis has represented America in the preliminary discussions at Geneva for the arrangement of the forthcoming world economic conference. It is, therefore, probable, he admitted, that he might also talk over the proposed agenda for the world economic conference.

BRIGHTER PROSPECTS

BERLIN, Oct. 8.

Brighter prospects for the London Disarmament Conference are seen by the disclosure of the main points in the German reply to Britain.

The German note takes the standpoint that the League of Nations should form the basis of the London Conference, which should be animated by the same spirit as led to the settlement of the Reparations problem.

The Franco-British Memorandum would not provide a fruitful basis of discussion, and Reuter learns that the German note was framed so as to leave the door open for international co-operation in the interests of disarmament.

"PARTING OF THE WAYS"

MR. BALDWIN'S NOTE OF WARNING

[REUTER AND BRITISH WIRELESS.]

LONDON, Oct. 7.
THE great experiment in Protection is beginning to justify itself, declared Mr. Stanley Baldwin, in the course of a speech before a mass meeting at the conclusion of the Conservative Party Conference at Blackpool.

The Conservative leader claimed that industries generally were beginning to feel the benefits of the tariff assistance afforded them, and mentioned that during the first eight months of 1932, imports of raw cotton increased by twenty-four per cent. as compared with last year.

As to exports, he said that the export of cotton piece goods was up by thirty per cent. as compared with last year.

Imports of raw silk were up forty per cent. on 1931 and the woolen trade had also improved.

Crisis Not Over.

The crisis was not yet over, however. There is much, he said, to cause grave anxiety.

Referring to the international situation, he said that the outlook was not bright.

Britain's efforts to bring the peoples of Europe together seemed at the moment, frustrated. "We are coming to the parting of the ways in Europe," he added solemnly.

National Economies.

The Chancellor of the Exchequer, Mr. Neville Chamberlain, speaking on national economies at the Conference, said that despite all difficulties, including now and unexpected items of expenditure, the reduction in expenditure had been raised from £70,000,000 to £70,000,000.

As a result of the recent conversion operation, Britain could safely count on a gross saving of £20,000,000 yearly, which would come into operation next year.

There were other parts of the National Debt which he intended to convert as soon he could get the opportunity.

The Government had already given notice to repay £150,000,000 on December 1st, which now bore interest at 4½ per cent. Every half per cent. that he could take off meant a saving of £400,000 per annum to the nation.

More Cutting.

Regarding the expenditure of something like £200,000,000 yearly by local authorities on local services, to which the Exchequer contributed about £125,000,000, he was convinced that the two committees investigating the matter would, in their report at the end of the month, offer recommendations for finding substantial economies.

GOLD STRIKE IN LABRADOR

AMERICAN AIRMAN DISCOVERS BIG MINERALISED ZONE

[THROUGH REUTER'S AGENCY.]

ST. JOHN'S N'LAND, Oct. 8.
AN enormous mineralised zone, containing gold in massive quartz, sulphide, rock of silver, copper, lead, zinc, iron, asbestos and mica was discovered by an American airman in the hinterland of Labrador when he was searching for timber last year.

He has just concluded with the Government an arrangement for the exclusive prospecting privileges over a limited area. The Government is awaiting further results before opening up the territory for general prospecting.

CAPT. LANCASTER AND MRS. MILLER

WILL LEAVE UNITED STATES BY OCT. 14

[THROUGH REUTER'S AGENCY.]

WASHINGTON, Oct. 8.
NO charges will be entered against Mrs. Keith Miller and Captain Lancaster as a result of an investigation into reports that they were connected with a ring for smuggling aliens into the United States from the West Indies, announced the Labour Department, which also dismissed deportation warrants against them on the understanding that they leave America voluntarily by October 14.

Captain Lancaster was recently acquitted on a charge of murder in Florida.

COLLISION IN CHANNEL

BLUE STAR LINER DAMAGED

[THROUGH REUTER'S AGENCY.]

LONDON, Oct. 9.
THE Blue Star liner *Africa Star*, en route to Buenos Aires, sent out an S.O.S. reporting a collision in the Channel, off Dungeness, with the Norwegian vessel *Charente*, the crew of which were transferred to the *Africa Star*, which is now bound for London in a damaged condition.

MOUNT EVEREST EXPEDITION

KING'S PRACTICAL INTEREST

[BRITISH WIRELESS SERVICE.]

RUDDY, Oct. 7.
A CHEQUE for £100 has been sent by H.M. the King towards the expenses of the Mount Everest Expedition, which is to leave England early next year.

A letter expressing His Majesty's good wishes for the success of the expedition says it was with great satisfaction that the King heard that Mr. Hugh Rutledge had been appointed Commander of the Expedition, as his knowledge of mountaineering and his intimate acquaintance with the Himalayan people and Tibetans renders him eminently fitted for this post.

Eleven British mountaineering experts, including Mr. F. S. Smythe, who conquered Mount Kamez last year, have been invited to participate in this attack on Mount Everest.

SUSSEX FIRES MYSTERY

M.P.'S SON CAUGHT IN ACT

[THROUGH REUTER'S AGENCY.]

LONDON, Oct. 7.
THE amazing case in which John Duperigault Mayhew, 25-year-old son of Lieut. Colonel J. D. Mayhew, M.P., is charged with attempted arson, was resumed today at Haywards Heath Police Court.

The extraordinary affair is attracting widespread interest with the result that the court was crowded and hundreds of people were unable to obtain admission.

The accused and his father arrived together at the court by car. The amazing feature of the case, is not so much that young Mayhew should have attempted to set fire to a barn as that the barn should be the property of his father, at Burgess Hill, Sussex.

He was arrested on the night of September 28, as the outcome of police and fire brigade observation of the premises.

A fireman gave evidence to the effect that the Fire Brigade was kept continuously on duty from September 7 until September 28 at the home of Col. Mayhew, owing to mysterious outbreaks of fire.

Seen in Flare of Match. A police constable described how he was watching a barn on the evening of September 28, when he saw a figure approach and strike matches against the wooden wall, which smouldered.

He recognised accused by the flare of the matches. He asked him. Colonel Mayhew, M.P., said he was on the very best of terms with his son, who was living with his wife, daughter of Viscount Falkland, and baby child.

He mentioned that he settled on the accused £200 per annum when he married to which he added a further £200 per annum for five years while his son was reading for the bar.

Committed for Trial. Accused, who pleaded not guilty, reserved his defence. He was committed for trial and released on bail, his father standing surety.

Lieut. Col. Mayhew is the M.P. for East Ham (North) which he won from Labour at the last general election. He is a well-known agriculturist.

REVOLUTIONARY MOVEMENT

UNEARTHED IN N. DALMATIA

[THROUGH REUTER'S AGENCY.]

BELOGRADE, Oct. 9.
UP to date 120 people have been arrested in Northern Dalmatia following the discovery by the Yugoslav Police of an alleged large-scale plot to arm Croatian people preparatory to a revolution next spring. It is alleged that considerable quantities of arms were landed from an Italian submarine at a secluded bay on the Dalmatian coast and widely distributed among the peasants, who are drilling and exercising in military formation.

The Croatian leader, Pernar, and eight others have been arrested on a charge of printing and illegally distributing pamphlets designed to stir up revolution. Meanwhile, a force of a thousand gendarmes is carrying out searches and confiscating arms.

MORE COMMENT ON LYTTON REPORT

WEEK-END REVIEWS ON THE FAR EASTERN SITUATION

[THROUGH REUTER'S AGENCY.]

LONDON, Oct. 8.

WEEK-END reviews extensively comment on the Far Eastern situation in the light of the Lytton Report, the tenor of which may be tersely summed up in the *Spectator's* phrase: "The present position of the Manchukuo was created and is maintained by Japanese force, and the single issue before the world is whether the rule of force or the rule of law shall prevail," but there is a general disposition to credit Japan with the capability of realising and seeing in her own interests that peace in Asia hinges on her decisions to negotiate with China on the basis of the Report while China is in the mood for agreement. The *Spectator* says that if either Japan or China declines the invitation to discuss with a view to a solution of the dispute on the lines suggested by the Commission, the Assembly will without doubt take up the matter in the knowledge that a crisis of the first order confronts it. The Commission cleared the road to a settlement which Japan can accept if she will, without loss of face. Any attempt to force the pace will be fatal.

The *Week-end Review* regards the report as being very moderate and the deadly exposure of the Japanese case a challenge to the conscience of the whole world. If Japan refuses to accept the Report, the League should declare Japan a violator of the Covenant, the Nine-Power Treaty and the Kellogg Pact, and should apply economic pressure to force a reconsideration of her policy.

The *New Statesman and Nation* concurs in this view. The *Week-end Review* adds that the League is assured of American support in action of this sort, and the internal condition of Japan is such that firm pressure from the outside world would probably bring a collapse in an unexpectedly short space of time.

TRAFFIC ON C.E.R.

RESUMPTION CAUSES SURPRISE

[THROUGH REUTER'S AGENCY.]

HARBIN, Oct. 9.
ACCORDING to instructions by Mr. Rudy, manager of the Chinese Eastern Railway, the train service with Pograditchnaya was resumed today, which is surprising owing to there being absolutely no change in the general situation on the eastern line, where anti-Manchukuo forces control the railway from Pograditchnaya to Heng-tachotde, excluding Hailun.

MANCHUKUO AND THE SOVIET

NON-AGGRESSION PACT AGREED TO?

[THROUGH REUTER'S AGENCY.]

TOKYO, Oct. 9.
THE Manchukuo envoy, Pao Kuan Cheng, is reported to have called on the Soviet Ambassador, Trotsky, yesterday and during a conference which lasted one and a half hours various Soviet-Manchukuo problems were discussed. According to Press reports negotiations for the conclusion of a non-aggression pact between the Soviet, Manchukuo and Japan will be launched shortly at Tokyo.

POLITELY TOLD TO LEAVE

FENG ORDERED OUT BY HAN FU CHU

[THROUGH REUTER'S AGENCY.]

PEIPING, Oct. 8.
FENG YU HSANG, the Christian General, has suddenly left his Taisan retreat and is now on his way to Kalgan, where a former subordinate is chairman of Chahar Province.

It is generally believed that General Han Fu Chu, also a former subordinate, forced him to leave Shanung. It is, in fact, reported that Han gave Feng \$20,000 for travelling expenses.

Feng Yu Hsiang left for Kalgan yesterday morning.

JAPAN'S OFFER TO FRANCE

TURNED DOWN BY VETERAN DIPLOMAT

[THROUGH REUTER'S AGENCY.]

LONDON, Oct. 8.
AN offer of a formal alliance to France was made by the Japanese Government some weeks ago, according to the *Sunday Times* which says that the offer was carefully examined at the Quai D'Orsay, but all idea of acceptance was abandoned after a veteran French diplomatist, with considerable experience in Far Eastern affairs, emphatically gave the opinion that its acceptance would be "dishonourable." It was considered to be a breach of faith with other powers affected to conclude such an alliance while the Lytton Commission was investigating.

French official circles have no knowledge of the reported offer of a Franco-Japanese alliance, and strongly doubt that such an offer was made.

HARVEST FESTIVAL

BEAUTIFUL DECORATIONS AT ST. JOHN'S CATHEDRAL

The Chancel and Lady Chapel screen of St. John's Cathedral were beautifully decorated yesterday for the Harvest Thanksgiving Service. Red flowers, foliage and the bright coloured fruit toned effectively with the woodwork of the chancel and the marble round the altar, and very great care must have been taken by those responsible for the arrangement of these offerings of harvest time.

The services were well attended and the Harvest Festival hymns sung by choir and congregation with a heartiness reminiscent of this occasion in village churches at home.

The morning services were conducted by the Dean (the Very Rev. A. A. Swann) and the Rev. G. K. Carpenter was the Preacher. The text was the well known verse from Ecclesiastes: "He that observeth the wind shall not sow, and he that regardeth the clouds shall not reap."

The preacher dwelt upon the faith of the farmer and the faithfulness of God, also drawing a lesson from the farmer who had to go ahead with his work and could not procrastinate because all was not favourable.

The prayers during the service reflected modern-day problems. (Continued at foot of next column.)

PASSENGERS HELD UP

M.M. SEAMEN ON STRIKE

[THROUGH REUTER'S AGENCY.]

MARSEILLES, Oct. 9.
MANY British are among the passengers unable to sail to their destinations in the Near and Far East, owing to a dispute between the Messageries Maritimes and seamen which culminated in the Seamen's Union decision to strike following a Ministry of Merchant Marine stoppage of certain allowances.

Unless an agreement is reached shortly, a general strike affecting all companies is expected.

Teachers in English or Chinese Schools, or any one interested in health matters, will be welcomed.

CONCERT AT KING'S COLLEGE

AN OUTSTANDING SUCCESS

A very successful concert, under the distinguished patronage of H. E. the Officer Administering the Government and Mrs. W. T. Southern was held in King's College on Saturday night, the Hall being filled to capacity.

Among those present were the Hon. Mr. W. T. and Mrs. Southern, H.E. Major-General J. W. Sandilands, and many distinguished residents of the Colony.

The programme opened with renditions by the male choir of the South Wales Borderers, which were all well received. This was followed by Mr. Ronald True, who delighted with his skill on the piano. A song by Mrs. L. Sanger, accompanied by Madame Evelyn, was warmly applauded, as were tenor solos by Mr. Li Chor Chi, with accompaniment by Miss Chan and Mrs. Chan.

Mr. M. Kwei Ngay, accompanied by Mr. Wong Kiu Wing, was also a popular artist.

In the second half of the programme, Mr. Wong Kiu Wing and his Chinese orchestra occupied the stage and were warmly applauded for their numbers, lending much variety to the entertainment.

"The Invisible Duke," a Chinese play, was produced with marked success. The participants were Messrs. Chik Shi Cho, as the Duke, Wong Pak Ching, Yu Hing Kwong, Lam On Kwong and Cheung Hon Koo.

The concert was held in aid of the funds of the St. John Ambulance Brigade.

especially in the Far East. There is also a special application on behalf of those entrusted with the responsibility of great wealth, that they may be ready to share their property with others.

ARMY ELEVEN'S DISAPPOINTING DEBUT

VOLUNTEERS EXTEND CLUB: K.C.C. INTER-CLUB MATCH

HOWLERS AGAIN ASSERT SUPERIORITY

The newly-formed Army team gave a disappointing display on their first appearance against the Indians on Saturday.

When opposed to the bowling of Pereira, Minu and Bakar, their batting wilted lamentably, the whole side being sent back to the pavilion for 29 runs. Indian R.C. registered an easy win.

In their two-day fixture with the Volunteers, the Club team will have to put up good bowling performance to save off a first innings deficit, as the Volunteers, with 9 wickets still in hand have 20 of the necessary 180 runs already on the board.

An interesting match is being played at the K.C.C. where two home teams are engaged in a two-day fixture.

Several friendly games were played in the Junior Division, perhaps the most interesting being the one at Sookunpoo where the Indian R.C. gave a glimpse of what they could accomplish by rattling up 181 runs for five wickets in less than 105 minutes.

VOLUNTEERS v. H.K.C.C.

Batting first, the Club team made poor use of the good wicket in the opening stages of their first innings, Beck and Baker of the Volunteers routing the first six batsmen. The Club's "tail" waggled, however, and thanks to Lowe (32), Duckitt (43 not out) and Reid (39) the score was taken to 180. Beck bowled splendidly to take 5 wickets for 49 runs.

The Volunteers have replied with 80 for the loss of one wicket and look to be in a sound position.

I.R.C. v. ARMY

Playing at Sookunpoo, the Army team collapsed before the strong Indian attack and were all out for 39 runs. No batsman put up a stand long enough to attain double figures.

Pereira, Minu and Bakar each captured 3 wickets at a ridiculous low cost. Thanks mainly to the batting of Madar (33) the I.R.C. had no difficulty in passing the Army's score for the loss of two wickets only.

THE M.C.C. TEAM AT COLOMBO

ONE-DAY MATCH AGAINST AN ALL CEYLON XI.

[THROUGH REUTER'S AGENCY.]

Colombo, Oct. 8. IN a one-day match here between All-Ceylon and the M.C.C. Team which is touring Australia under the captaincy of D. R. Jardine, All Ceylon batted first and compiled a score of 123 for 3 wickets before declaring. Brindley played a polished and forceful innings of 82, being undefeated when the local skipper applied the closure.

The M.C.C. side then scored 183 for the loss of 7 wickets. R.E.S. Wyatt and the Nawab of Pataudi being top scorers with 54 and 62, respectively.

figures when the military went in to bat. Poor running between the sticks cost them three wickets, and with the Indian bowlers in form, they were all out for only 62, of which Pegg claimed 14.

O.C.C. v. St. Joseph's.

A drawn game was played at Happy Valley between the Craigen-gower C.C. 2nd XI. and St. Joseph's College. Scores: Craigen-gower, 245 for 8. St. Joseph: 90 for 7.

Recreio v. China Light.

At King's Park, the Club de Recreio entertained the China Light & Power Company, winning by 90 runs. A feature of the game was the bowling of Lopes, who captured seven wickets for 11 runs, being chiefly responsible for the dismissal of the visitors for only 27 runs.

D.B.S. v. University.

Entertaining the Diocesan Boys' School at Pokfulam, the University won by 26 runs.

YESTERDAY'S MATCH

QUEEN'S COLLEGE v. NAVY. Queen's College played the Royal Navy in a friendly game yesterday at King's Park which resulted in a win for the latter by 22 runs. Navy batted first and collected 91 runs. M. Wainwright being top scorer. The College innings closed with a score of only 69 runs. Scores: Royal Navy 91. Queen's College 69.

HOCKEY

INCOGNITOS WIN CONVINCINGLY

GOOD WIN BY BATTERY ELEVEN

In a Mamak Shield Tournament match on the Naval ground, Happy Valley, on Saturday afternoon, the Incognitos registered their second victory, when they defeated H.M.S. Parthian by 4 goals to 1, in a fast match. The Parthian, who were making their debut in local competitive hockey, were not very impressive, their forward line lacking finish. Their defence, while playing hard, were unable to cope with the nippy opposing forwards.

Towards the termination of the game, Evans, the Parthian custodian, brought off many spectacular saves. Barros and Sousa were outstanding in the Incognitos forward line, while the Reed brothers were always steady in defence. McInnes was the outstanding player in the Parthian side.

Incognitos:—H. A. Barros, A. A. Remedios, J. E. V. Reed (Capt.), R. C. Reed, W. A. Reed, F. M. Silva, F. J. Remedios, J. M. Pinto, C. C. Francis, C. E. Barros and A. P. Sousa. Parthian:—H. F. Evans; F. Starling, W. Atwells; T. Robertson, Lt. C. H. Holmes, S. Stophord, W. A. Brown, D. Donaldson, A. J. McInnes (Capt.), R. Marchant and E. Doe.

R.A.M.C.-DEFEATED

Fielding a strong eleven the H.K.S.R.A. secured their second victory in the Mamak Tournament when they defeated the R.A.M.C. by 3 goals to 1 on the Marina ground on Saturday afternoon. Smith netted for the Medical Corps. Prolin Singh was in good form for the Indians, securing the "hat-trick."

"Y" LADIES IN ACTION

Playing in a friendly game on hockey at King's Park on Saturday afternoon, the Y.M.C.A. "A" eleven defeated the "Y" Ladies by 5 goals to 1. The ladies, though beaten by a large margin, showed good combination, M. Mason, A. Fowler and Mrs. Portallion being brilliant in defence, while B. Walker and O. Dalziel, who netted the ladies' solitary point, combined well in the forward line. The Y's points were secured by H. S. Sommers (2), G. H. Fowler (2) and C. Balmann.

WIN FOR FOLKESTONE

Following this game, the Y.M.C.A. "A" were opposed to a strong combination from H.M.S. Folkestone, to whom they lost by 1 goal to 1 in a fast match. Though tired from the previous game, the "Y" played a hard game, but the sailors fully deserved their victory. Sommers was responsible for the Y's solitary point, and played well throughout, S.A. Sweet and A. Tate also put in good work. Bakar was, however, weak at centre half.

SAINTS' LADIES WIN

On the Marina ground on Saturday the St. Andrew's Club Ladies defeated the Club de Recreio Ladies by the only goal scored in a scrappy game. M. Woolley netted for the Saints.

RADIO AGAIN WIN

At Caroline Hill, in a friendly hockey match the Radio Sports Club defeated a team from H.M.S. Wilby by 8 goals to 1.

INTERPORT POLO

INTERESTING MATCH ON FRIDAY

Information has been received to the effect that the Shanghai Polo Club is sending an Interport Polo Team to Hong Kong to compete for the "Kewick Cup." Their ponies are due here to-morrow and the team itself arrives by the Empress of Japan on the 14th.

At the request of the Shanghai Polo Club the match will be played on Friday, the 14th, at 3 p.m., weather permitting.

Although the local club has not been definitely advised, it is understood that the majority of the members of the Shanghai team have been chosen from the American team which has made such an enviable reputation for itself in Shanghai. The members of the Hong Kong team which will compete for the Kewick Cup will be: Captain P. L. Villar (Captain) F. A. Pollock

Major J. R. Barry, and J. Kewick. It is expected that not only the members of the Polo Club and their friends, but also many others in the Colony interested in polo will see what promises to be an interesting match at Causeway Bay. Tea will be served in tents adjoining the club pavilion and the Band of the 1st Battalion 21st Regiment, by kind permission of Lieutenant Colonel G. T. Raikes, D.S.O. and officers, will play during the afternoon.

AERIAL THRILLS AT THE QUEEN'S

"HELL DIVERS" A GREAT PICTURE

"Hell Divers," the thrilling and spectacular picture which opened at the Queen's Theatre yesterday to full and enthusiastic houses, is a magnificently photographed production, one that includes naval air stunts and impressive "landing" feats. It takes one through the curriculum of Uncle Sam's sailors of the air, from a naval base on land to wonderful sights of pilots bringing their machines down on the deck of the Saratoga.

The sudden stopping of the wheels of these airplanes aroused applause from the audience. During some of the stunts one feels as though one were in the air watching the landing gear of an airplane as it swoops down with astounding precision on the Saratoga's deck and comes to an abrupt halt.

Then there are flashes of dozens of machines in the air at one time and others of these same machines safely at rest on the specially constructed ship. Later one sees some of the airplanes brought up on huge elevators and soon they are beheld taking off from the floating base.

Beside the good work of Wallace Beery and Clark Gable, there are pleasing performances by Conrad Nagel, John Miljan, Dorothy Jordan and Cliff Edwards.

"Hell Divers" is one of the best pictures of its kind.

"THE RAINBOW TRAIL"

TO-MORROW AT THE KING'S

A trade notice states:—"That real life is stranger, more dramatic and thrilling than fiction was again proved during the making of Zane Grey's 'The Rainbow Trail,' the Fox Western drama which opens to-morrow at the King's Theatre when a large and angry-looking sidewinder suddenly made his appearance in the middle of one of the many scenes that were filmed against the awe-inspiring background of the Grand Canyon of the Colorado.

This rather unnerving and dramatic experience occurred in the very midst of a tender love sequence that was being enacted by George O'Brien who is featured in the film and his new leading lady, the dainty and blonde Cecilia Parker.

Miss Parker was deeply engrossed in the lines of endearment which O'Brien was pouring into her ears, according to the script, when suddenly, out of the corner of her eye, she caught sight of the vicious reptile, and letting out a scream she practically fainted in his arms. Fortunately O'Brien saw the snake at the same moment, and knowing that a sidewinder is even more deadly than a diamond back rattler, whipped out his gun with the rapidity that has often thrilled his many screen fans and blew the snake's head off, just as he was cooing to strike. It all happened so quickly that the camera and microphone caught everything, and later when the rushes of the picture were shown, Miss Parker claimed that part of the film as a memo to her first picture, and hopes someday to incorporate it in her 'Memoirs of A Screen Star.'

LESSON SERMON

FIRST CHURCH OF CHRIST, SCIENTIST.

"Are Sin, Disease, and Death Real?" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 9.

The Golden Text was: "Why art thou cast down, O my soul? and why art thou disquieted within me? hope thou in God: for I shall yet praise him, who is the health of my countenance, and my God." (Ps. 42: 11.)

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Now when Jesus was risen early the first day of the week, he appeared first to Mary Magdalene, out of whom he had cast seven devils. Afterward he appeared unto the

THE JOY FUN TOY COMPANY

AND A ZANE GREY FILM

GOOD PROGRAMME AT KING'S THEATRE

With a Zane Grey film and The Joy Fun Toy Company at the King's Theatre there is a programme that most of us can enjoy, and which can be safely recommended to anxious parents whose youngsters are always clamouring to go to the pictures. The Joy Fun Toy Company give a performance something on the lines of Long Tack Sam—amazing juggling, conjuring and tumbling in front of a gorgeous Chinese screen and set off by resplendent Chinese costumes. There is a tremendous speed and verve, and most of the time several "shows" are going simultaneously. The Company is of all ages and sizes, two sturdy boys more than pulling their weight with their elders. Here is Eastern magic with a vengeance—and spiced with British patter.

The film "Riders of the Purple Sage," is a typical Zane Grey thriller of old-time Arizona. The story is a bit jerky, but it matters less than the hard riding, the cattle driving, the shooting and the gorgeous canyon scenery. Take it for a good spectacle and do not look for inconsistencies. These thrillers of the open air have still much to recommend them after a surfeit of New Work parties, devotions, sex and cheap cynicism. R.B.

"DELICIOUS"

AT THE ORIENTAL

A trade notice states:—"Janet Gaynor, whose latest production, 'Delicious,' showing to-day at the Oriental Theatre, 'proves again that she is the exception to the 'luxury and wealth' rule of the movies. In this picture, in which she is co-starred with Charles Farrell, she is again most appealing as the pathetic little figure surrounded by poverty and squalor through which her innate goodness and charm shine brightest."

The story of "Delicious" is consistent with this characteristic of Miss Gaynor except that her occupation is a little more than ordinarily unusual—She is, of all professions, a marmalade girl. Or, was, before embarking in the steerage of a giant liner to sail for America to find a home with an uncle in Idaho.

Charles Farrell as a handsome young sportsman and polo player returning from Europe with his string of ponies, makes the acquaintance of Janet one day while he is down in the hold working with his horses. Janet thinks he is a groom, and tells him all about her experiences in a Scotch marmalade factory. Her job, according to the story she tells the amazed young millionaire, was that of sticking water-proof paper on the tops of marmalade jars, a prosaic enough calling even for the movies.

eleven. . . . And he said unto them, Go ye into all the world, and preach the gospel to every creature. And these signs shall follow them that believe: In my name shall they cast out devils; . . . They shall take up serpents; and if they drink any deadly thing, it shall not hurt them; they shall lay hands on the sick, and they shall recover." (Mark 16: 9, 14, 15, 17, 18.)

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health, with Key to the Scriptures," by Mary Baker Eddy: "Jesus established in the Christian life the precedent for all Christianity, theology, and healing. Christians are under as direct orders now as they were then, to be Christ-like, to possess the Christ-spirit, to follow the Christ-example, and to heal the sick as well as the sinning." (P. 136: 17-22.)

BOXER'S EYE TROUBLE

LEN JOHNSON MAY END

RING CAREER

Len Johnson, the British colour-

ed, middle-weight boxer, looks like

ending his fist career.

He is suffering from eye trouble,

and has had to decline several en-

gagements.

It is a big blow to the Manches-

ter boxer, who had big ambitions

and no little skill, which is always

a great allied asset.

The trouble goes back five years,

when during a visit to Australia

he was advised to wear glasses for

reading and writing.

"It is a terrible disappoint-

ment," said his father, "Bill"

Johnson, "but the blessing of sight

is, after all, greater than the bless-

ing of a boxing trophy."

Johnson will continue his tour-

ing boxing booth.

If his normal sight is restored

he will, no doubt, stage a "come-

back," but time is passing and

A.D. is a paramount figure in the

boxing game.

BENGAL IRON CO.

POOR RESULTS TO MARCH 31

Shareholders of the Bengal Iron

Co. will have been prepared for

poor results for the year to March

31 by the forecast given in the

board's circular of May 14. Profits

have declined from £2,428 to

£2,132, and after providing for

depreciation, debenture interest,

tax reserve, &c., the debit balance

of £20,774 from last account is in-

creased to £112,884. Last year the

Preference dividend was paid for

the six months to Sept. 30, 1930,

and remains in arrears as from that

date. The last Ordinary payment

was 2½ p.c. for 1929-30.

Owing to the depressed state of

the iron trade, the blast furnaces

are still closed down, and though

the foundries were moderately

busy, orders from the railways, on

which the company largely depends,

have been restricted, and prices

were extremely low. The output of

the collieries, however, is well sold

for the whole of 1932-33. Eco-

nomies have been made, but their

full effect will only be felt this year.

PARTY CLINGS TO CAPSIZED BOAT

CHILDREN'S ORDEAL AT CLACTON

Clacton, Aug. 20.—Hundreds of holiday-makers witnessed an exciting and tragic incident at Jaywick sands, near here, when three men and three children were seen clinging to a capsized boat about 200 yards from the shore.

Clacton lifeboat put out to the rescue, but before it reached the spot the party had been picked up by three men who went out in a small motor-boat.

When brought ashore the party was in a very distressed condition. The plight of one man was so bad that artificial respiration was tried, but an hour's treatment failed to revive him.

The dead man was Mr. G. C. Payne, 46, of Walsworth-road, Hitchin, Herts, a former member of Tottenham Hotspur Football Club. His wife collapsed when told of the tragedy.

The boat, fitted with an outboard motor, belongs to Mr. J. H. Peters, of Hitchin, who with his family and friends had been spending the week-end at Clacton. He was in the boat with Mr. Payne, Mr. Payne's son Kenneth, aged 7, Mr. V. Green, who is employed by Mr. Peters, and Mr. Green's children, Phyllis (15) and Harold (12).

"Turned too Quickly."

The three men who went to the rescue were Mr. U. Cooper, of Woodford, Essex; Mr. R. Mitchell, of Woodford-green; and Mr. H. Williams, of Whipps-cross. They pulled the party from the water, but as their boat was difficult to handle they transferred the six people to a rowing boat, which conveyed them ashore.

A member of the local coastguard service said the accident happened as the boat was turning near the mouth of the River Colne.

"It is an extremely awkward point to navigate," he said. "Apparently those in the boat turned too quickly without allowing for the tide. The craft was swamped and capsized immediately." "Luckily, when they were thrown out the people were able to catch hold of the sides of the upturned boat, and cling to it until help arrived. It is not clear at present whether Mr. Payne died from drowning or from heart failure caused by the shock."

RELIEF FOR BEER DRINKERS.

TAX IN BRITAIN MAY BE REDUCED.

London, Sept. 11.—The Sunday Dispatch announces that Mr. Neville Chamberlain, chancellor of the Exchequer, is preparing a new and rigorous economic programme which will enable him to announce to the next meeting of Parliament a reduction in the tax on beer. A new plan for the conversion of loans is also said to be under preparation.

A newly-published White Paper reveals that the British national debt at last accounting stood at £7,433,942,880, or an increase of £20,634,000 over the report for the preceding year.

The unconsolidated domestic debt was reduced while the consolidated debt rose. Foreign debts rose £24,000,000. The conversion of the consolidated four per cent. loan added 73,028,559 to the domestic

"EAGLE" TO RELIEVE "HERMES"

LEAVING NEXT APRIL.

It has been decided that H.M.S. Eagle is to relieve H.M.S. Hermes, Captain W. B. Mackenzie, as aircraft carrier on the China Station. The Eagle, which has been undergoing large repairs at Devonport for the past year, will commission next April, and leave for China at the end of that month.

The Hermes will remain on the station pending her arrival. The present commission of the Hermes began in October, 1930, and is therefore due to conclude about April next.

There are only four carriers now maintained in full commission, two in the Home Fleet, the Courageous and Furious, one in the Mediterranean, the Glorious, and one in China.

GREEK DEBTS

Athens, Sept. 15.—The Greek Government has reached agreement with foreign bondholders by which Greece undertakes to make immediate payment of a 30 per cent. instalment of sums due for the present year. Other payments will be determined after revision of the Greek finances in November this year.
